The Indiana State School Music Association, Inc. (ISSMA) values media coverage of the activities and successes of participating organizations at all ISSMA events. ISSMA also values and respects the need to maintain a secure and safe environment for participants, and strives to cooperate and comply with the policies of schools and programs that participate in ISSMA events.

To enter this event, Media representatives are required to present their own press identification for admittance. Media representatives are expected to respect the boundaries and limitations set forth by the Association.

Photographers and videographers should seek out the music teacher or the music teacher's designee to have individuals from a school identified. This is to protect the privacy of students whose parents have opted not to have their children portrayed in the media for privacy or safety reasons. Students will be instructed not to identify other students when requested by the media, because students will not know the names of those who have requested no media coverage.

Photography or videography at any ISSMA, Inc. event may be used solely for local media. Any sales or distribution of photos or videos from an ISSMA, Inc. event that are sold and/or distributed in a means other than from the ISSMA, Inc. official vendors is strictly prohibited.
